harass the complainant in the prosecution of the present complaint.

2. On 19.12.2025, the respondent filed an application with a prayer to dismiss the complaint alleging that the same was not maintainable. Request was declined by this forum observing that all of issues including preliminary issue about maintainability of complaint will be decided together. Feeling aggrieved by the said order, the respondent filed an appeal before The Haryana Real Estate Appellate Tribunal. The Tribunal admitted said appeal and decided the same vide order dated July 01,2026. A copy of this order has been put on the file.

3. Accepting contentions raised by the appellant/respondent, the Tribunal observed as:-

"9. Perusal of record shows that the reliefs claimed by the allottees include directions for construction of a boundary wall and development of a 24-meter road etc. Such directions pertain to development and completion of the project, which fall within the domain of the Authority and not the Adjudicating Officer. The Adjudicating Officer is vested with limited jurisdiction, primarily to adjudicate compensation under specific provisions of the Act. Therefore, such reliefs could not have been directly considered by the Adjudicating Officer.

10. Even with regard to the claim of compensation on account of alleged structural defects, the law requires that the complaint

AO

must be filed and processed in accordance with the procedure prescribed under Rules 28 and 29 of the Haryana RERA Rules, 2017. In the present case, the complaint combines multiple reliefs relating both to development works and compensation without following the prescribed procedure. Therefore, the complaints could not have been considered by the Adjudicating Officer."

4. The Tribunal opined that this forum (Adjudicating Officer) had exercised jurisdiction by admitting the complaint which was not vested in him (Adjudicating Officer) by law. Rule 28(2)(m) of The Haryana Real Estate (Regulation and Development) Rules, 2017 has mentioned the procedure for filing a complaint before the Adjudicating Officer. The relevant portion of same is reproduced here as under: -

"If the complaint in form 'CAO' filed before the adjudicating officer for adjudging quantum of compensation, the complaint shall be admissible from the stage of concluding inquiry by the Authority that respondent being promoter has violated or contravened provisions of the Act or the rules or regulations made thereunder warranting liability of the promoter to pay compensation to the allottee under the provisions of the Act or the rules or regulations made thereunder. The Authority may refer the matter to the adjudicating officer for adjudging the quantum of compensation payable to the complainant allottee, and direct both the parties to appear before the adjudicating officer on the appointed day. The quantum of compensation payable to the complainant may be expressed by the adjudicating officer in the form of lump sum amount or in the form of percentage of interest on the amount paid

AO

by the complainant to the respondent promoter (compensation expressed in terms of interest i.e. compensatory interest)."

5. Admittedly, the complainant did not approach the Authority seeking enquiry against the respondent and the Authority has not referred this matter to the undersigned for adjudging quantum of compensation. In such a circumstance, present complaint is not maintainable. The same is thus dismissed. File be consigned to record room.
