# INTRODUCTION

### 1. Introduction

The real estate sector is one of the most globally recognized sectors. It comprises of four sub-sectors - housing, retail, hospitality, and commercial. The growth of this sector is well complemented by the growth in the corporate environment and the demand for office space as well as urban and semi-urban accommodation. The construction industry ranks third among the 14 major sectors in terms of direct, indirect and induced effects in all sectors of the economy. In India, the real estate sector is the second-highest employment generator, after the agriculture sector. It is also expected that this sector will incur more non-resident Indian (NRI) investment, both in the short term and the long term.

Real estate sector in India is expected to reach US\$ 1 trillion in market size by 2030, up from US\$ 200 billion in 2021 and contribute 13% to the country's GDP by 2025. Retail, hospitality, and commercial real estate are also growing significantly, providing the much-needed infrastructure for India's growing needs. By 2040, real estate market will grow to Rs. 65,000 crore (US\$ 9.30 billion) from Rs. 12,000 crore (US\$ 1.72 billion) in 2019.

India's real estate sector saw over 1,700 acres of land deals in the top 7 cities in 1 year. Foreign investments in the commercial real estate sector were at US\$ 10.3 billion from 2017-21. As of February 2022, Developers expect demand for office spaces in SEZs to shoot up after the replacement of the existing SEZs act.

As per ICRA estimates, Indian firms are expected to raise >Rs. 3.5 trillion (US\$ 48 billion) through infrastructure and real estate investment trusts in 2022, as compared with raised funds worth US\$ 29 billion to date.

The office market in the top eight cities recorded transactions of 22.2 msf from July 2020 to December 2020, whereas new completions were recorded at 17.2 msf in the same period. In terms of share of sectoral occupiers, Information Technology (IT/ITeS) sector dominated with a 41% share in the second half of 2020, followed by BSFI and Manufacturing sectors with 16% each, while Other Services and Co-working sectors recorded 17% and 10%, respectively.

Around 40 million square feet were delivered in India in 2021. It is expected that the country will have a 40% market share in the next 2-3 years. India is expected to deliver 46 million square feet in 2022.

According to Savills India, real estate demand for data centres is expected to increase by 15-18 million sq. ft. by 2025.

In 2020, the manufacturing sector accounted for 24% of office space leasing at 5.7 million square feet. SMEs and electronic component manufacturers leased the most between Pune, Chennai and Delhi NCR, followed by auto sector leasing in Chennai, Ahmedabad and Pune. The 3PL, e-commerce and retail segments accounted for 34%, 26% and 9% of office space leases, respectively. Of the total PE investments in real estate in Q4 FY21, the office segment attracted 71% share, followed by retail at 15% and residential and warehousing with 7% each.

In the first half of 2022, office absorption in the top 7 cities stood at 27.20 million Sq. ft. Between July 2021-September 2021, a total of 55,907 new housing units were sold in the eight micro markets in India (59% YoY growth).

In the third quarter of 2021 (between July 2021-September 2021), new housing supply stood at ~65,211 units, increased by 228% YoY across the top eight cities compared with ~19,865 units launched in the third quarter of 2020.

According to the Economic Times Housing Finance Summit, about 3 houses are built per 1,000 people per year compared with the required construction rate of five houses per 1,000 population. The current shortage of housing in urban areas is estimated to be ~10 million units. An additional 25 million units of affordable housing are required by 2030 to meet the growth in the country's urban population.

### CHAIRMAN'S STATEMENT

**DR. K.K. KHANDELWAL**

**Chairman**

**HARERA, Gurugram**

This Annual Report for the F.Y. 2020-2021 is articulation of our major undertakings and accomplishments over the last one year. It documents the journey of HARERA, Gurugram in bringing greater transparency, accountability, and trust in the Real Estate Sector in Gurugram. This year marked the outbreak of novel Coronavirus (Covid-19), the largest public health crisis the world has ever faced. Corona pandemic has caused devastation globally across all countries affecting physical, emotional and financial health of humanity. The real estate sector was also not spared. Due to lockdowns, needed to curtail the spread of Corona virus, the construction work across all real estate projects came to a standstill affecting all stakeholders from promoters, real estate agents, allottees, financial institutions and governments adversely. However, if history has taught us anything, it is that this too shall pass. India has faced much greater challenges and come out stronger. HARERA, Gurugram is committed to working with all stakeholders in the real estate sector, in the coming year, to overcome the losses caused by Covid-19 crisis. HARERA shall collectively work with industry to develop a stronger and flourishing real estate sector in the state.

During the year 2020-2021, the authority has registered 53 Real Estate Projects. About 197 Real Estate Agents have been registered. HARERA has received Complaints of which have been disposed.

During the year 2020-2021 the authority has taken various bold steps towards a key goal that the regulatory regime which came into effect in 2016 was mandated to achieve that of safeguarding the interests of homebuyers and ensuring that the real estate sector operates in an efficient and transparent manner. To achieve this mandate the authority

during the year has blacklisted the builders who have defaulted in completing their previous projects on time, the authority took this step as even four years down the line, the dream of lakhs of investors of having a home remains distant as is evident from the mounting court cases of cheating, fraud and delay in delivery of property against builders.

**Setting up of Mediation Forum:** With the aim to reduce petitions and expedite grievance redress, the HARERA Gurugram recently setup a mediation forum.

Two types of cases fall under the ambit of this Forum. First the applications made for mediation at prefilling of formal complaint stage. These are taken up by grievance redressal cell and our chief public relations officer Deepa Malik a Paralympian, on an individual basis. It will save the time and money of the complainants. The second type cases are the complaints referred by the authority to a retired district and sessions judge and adjudicating office. It is a new experiment unlike the reconciliation centers set up by RERAs in other states.

**The authority has formulated a code of conduct for real estate agents :** The authority has taken action against property dealers who are charging more than one percent commission rate on the sale of properties as prescribed by the Haryana Regulation of Property Dealers and Consultants Act of 2008. To ensure that they do not indulge in unfair trade practices, the rules call for one percent commission on agreed consideration value to be paid by the seller and purchaser of the property on finalization of the deal as per the agreement entered in the register of the dealer under a valid receipt. The authority has come up with the idea of code of conduct as instances had come to the notice of the authority that some of the property dealers are falsely representing the services of a particular standard or grade and making false or misleading representation concerning the services and approvals of the project. Through this code of conduct all real estate agents are cautioned not to charge commission more than what is prescribed in the rules and doing so will be deemed as an outright violation of the provisions of the law.

**The banks and other financial institutions that take over projects due to non-payment of loans by developers would be treated as promoters:** The authority also held that the interests of homebuyers who have invested in such projects should not be considered subservient to that of other stakeholders. The authority held that in case a developer fails to repay loans to a financial institution and if this institution intends to auction the mortgaged property, then it would have to seek prior written approval from HARERA. If the financial institution/lender subsequently wants to auction or sell the defaulting project to a third party, then they would have to seek permission from HARERA. These steps are being taken to ensure that hard earned money invested by allottees, and their interests are safeguarded in such deals.

HARERA Gurugram had been pioneering in many ways and delivered some path breaking decisions setting up precedents for others to follow.

Pronouncing judgement in a case pertaining to the auction of project by a creditor company, the HARERA ruled that the rights of the allottees are not subservient to those of the bank. The order emphasized that in case of failure of the banks to ensure that the funds were applied for the purpose they were granted, banks cannot be allowed to supersede the rights of the allottees.

Several malpractices were prevalent in the real estate sector before the setting up of RERA such as delay in possession, diversion of funds by developers lack quality control and unilateral changes in the layout plans by the developers, but the authority had put a check on them through various regulations and directions issued by the authority during the year.

Before RERA, the consumers were fast losing trust in the developers. The RERA has reinstated the faith of common man in the real estate sector. It is a win win situation for both the developers and the consumers.

## SECTION A-2

### OBJECTIVES

<b>II.</b>	<b>OBJECTIVES</b>
	<p>The objective of the Authority is to redress the grievances of every home-seeker in time-bound manner, to cease any unfair practices by realtors and to ensure:</p> <p><b>1. Financial Discipline</b></p> <p>The Act strives to ensure greater financial discipline in the real estate sector. Some of its provisions are as follows:</p> <ul style="list-style-type: none"> <li>(a) A promoter shall not accept more than ten per cent of the cost of the apartment, plot, or building as the case may be, as an advance payment or an application fee, from a person without first entering into a written agreement for sale with such person and registering the said agreement for sale.</li> <li>(b) Seventy per cent of the amounts realized for the real estate project from the allottees, from time to time, shall be deposited in a separate account to be maintained in a scheduled bank to cover the cost of construction and the land cost and shall be used only for that purpose.</li> <li>(c) Withdrawal from such accounts shall be in proportion to the percentage of completion of the project, which shall be certified by an engineer, an architect or a chartered accountant in practice.</li> <li>(d) Promoter to compensate buyer for any false or incorrect statement with full refund of property cost with interest.</li> <li>(e) Project accounts to be audited / FY. Copy to be submitted to HARERA.</li> <li>(f) Provision under the Act have been put in place to freeze project bank account upon non-compliance.</li> <li>(g) Provision for stronger financial penalties for non-compliances of directions passed by HARERA, Gurugram.</li> </ul> <p><b>2. Transparency</b></p> <p>Now every project that commences in Gurugram has to be mandatorily registered with HARERA and the promoter of the project has to make</p>

	disclosure about all the mandatory clauses, or clauses that he may further want to add. All the above information is available in the public domain.
	<p>(a) The promoter is compulsorily required to furnish such other information and documents as may be specified by the regulations made by HARERA.</p> <p>(b) The advertisement or prospectus issued or published by the promoter shall mention prominently the website address of HARERA, wherein all details of the registered project have been entered and include the registration number obtained from the Authority.</p>
3	To balance the interest of consumers and promoters by imposing certain responsibilities on both.
4	Reduction of frauds and delays.
5	Greater accountability towards consumers
6	To induct professionalism and standardization in the sector.
7	To pave way for accelerated growth and investment in the long run.
8	<p>a. <b>Standardization of carpet area:</b> Before RERA how a builder calculated the price of a project wasn't defined. However, with RERA there is now a standard formula that is used to calculate carpet area. This way, builders cannot provide inflated carpet areas to increase prices.</p> <p>b. <b>Reducing the risk of insolvency of the builder:</b> Most builders and developers tend to have multiple projects being developed at the same time. Earlier, developers were allowed to move funds raised from one project to that of another. This is not possible with RERA since 70% of the funds raised need to be deposited in a separate bank account. These funds can be withdrawn only after certification by an engineer, a chartered accountant, and an architect.</p> <p>c. <b>Rules for Advance payment:</b> As per the rules, a builder cannot take more than 10% of the cost of the project from the buyer as advance or application fees. This saves the buyer from having to source funds fast and having to pay a large amount.</p> <p>d. <b>Rights to the buyer in case of any defects:</b> Within 5 years of possession, if there are any structural defects or problems in quality, the builder has to rectify these damages within 30 days at no cost to the buyer.</p>

- |  |   |
|--|---|
|  | <p>e. <b>Interest to be paid in case of default: Prior to RERA</b>, if the developer delayed possession of the property, the interest paid to the buyer was much lower than if the buyer delayed payments to the promoter. This has changed with RERA and both parties have to pay the same amount of interest.</p> <p>f. <b>Buyer's rights in case of false promises:</b> If there is a mismatch in terms of what was promised by the builder and what has been delivered, the buyer is entitled to a full refund of the amount that was paid as advance. At times, the builder may have to provide interest on the amount as well.</p> <p>g. <b>If a defect in the title:</b> If at the time of possession, the buyer discovers that there is a defect in the title of the property, the buyer can claim compensation from the promoter. There is no limit to this amount.</p> <p>g. <b>Right to information:</b> The buyer has a complete right to information about the project. This includes plans related to layout, execution, and completion status.</p> <p>9) <b>Grievance Redressal:</b> If the buyer, the promoter, or the agent has any complaints with respect to the project, they can file a complaint with RERA. If they aren't pleased with RERA's decision, a complaint can also be filed with the Appellate Tribunal.</p> |

## SECTION A-3

### Important Achievements

With RERA Gurugram, the scenario in real estate sector in Gurugram is changing and changing for the better.

#### III. IMPORTANT ACHIEVEMENTS

##### (a) STREAMLINING REGULATORY DIRECTIONS

Several orders, circulars, directions for streamlining the interactions with various stakeholders as per the following details:

- a. **EXTENSION OF TIMELINES FOR ALL COMPLIANCES DUE TO FORCE MAJEURE CAUSED BY COVID 19:** Section 6 of RERA 2016 for "extension of registration of real estate project" on account of "force majeure" which includes any calamity caused by nature affecting the regular development of the real estate project. It is quite evident that current pandemic caused by nature had adversely affected regular development of real estate project. Hence, it attracts invoking the provisions of force majeure. To safeguard the interest of all stakeholders including homebuyers, CAC after detail deliberations made unanimous recommendation to invoke the force majeure clause by real estate regulatory authorities to extend the registration of projects registered under RERA. It is also recommended to make it simple so that it gets implemented easily

		<p>and in compliance of the deliberations made by CAC had issued circular thereby granting extension for real estate projects.</p> <p><b>b. GRANT OF REGISTRATION SUBJECT TO SUBMISSION OF APPROVED SERVICE PLAN/ESTIMATES OF LICENSED COLONIES:</b></p> <p>As per section 4(2) of the Act <i>ibid</i>, it is mandatory for the promoter to submit all the approvals in the authority for obtaining registration/extension of registration of a real estate project. Approved service plan Estimates is also one of the requirements for the project to get registered in the authority as it includes not only the details and specifications of internal development works but also the costing of each component and the internal development work can only be started once service plan estimates are approved from the competent authority.</p> <p>However, it had been observed that lot of time is taken for approval of service plan estimates of the licenced colonies. Also, the promoter is required to submit the approvals/NOCs from various agencies for connecting external services such as roads, water supply, sewage disposal, storm water drainage and electrical load availability. But it takes lot of time for the promoter to obtain these approvals from the competent authority and they request to grant conditional registration certificate. A reference to Principal Secretary to the Government, Town and Country Planning, Haryana vide no HARERA, GGM /Meeting/2021/ dated 20.05.2021 had been made for grant of approvals to the promoter within a specified time after sanctioning of the building plans. So, to avoid delay in registration of projects involving construction of multi storeyed buildings wherein internal development work are undertaken after completion of construction of blocks and in view of above provision under RERA Act and amended provisions of 1975 Act, the Authority decided to consider the registration of projects pending approval of service plans &amp; estimates subject to certain conditions.</p> <p><b>c. GUIDELINES FOR IMPLEMENTATION OF SECTION 18(1) OF THE REAL ESTATE (REGULATION &amp; DEVELOPMENT) ACT, 2016</b></p> <p>These guidelines were formed by the Authority so as to have uniformity in approach while deciding matters under section 18 either by the Authority or by the Adjudicating Officer although view is to be taken by the presiding officer (s) on case-to-case basis on merits of each individual case and keeping in view the principles of natural justice.</p>

(b) **DIRECTIONS U/S 37 OF THE REAL ESTATE (REGULATION AND DEVELOPMENT) ACT, 2016 REGARDING ISSUE OF ADVERTISEMENTS BY PROMOTERS ONLY WITH REGISTERED RERA NUMBER**

In exercise of the power conferred by section 37 of the Real Estate (Regulation and Development) Act, 2016 the Haryana Real Estate Regulatory Authority, Gurugram having considered it necessary to provide necessary guidance to promoters of real estate projects and to media organizations and advertising industry intermediaries regarding appropriate nature of compliance for advertisement of RERA registered project, the authority prescribed the appropriate compliance to be ensured while advertising the registered real estate projects.

Upon scrutiny of various advertisements of the real estate projects, it was observed that the advertisements issued by the promoter were either not in compliance with the definition of "advertisement" as provided under section 2(b) or are in complete contravention of sections 3, 11(2) and 12 of the Act *ibid*. Following contraventions were observed frequently and repeatedly: i. In newspaper-paper and print media, RERA registration number is properly not visible due to small font size and light font color. ii. The advertisement does not contain RERA registration number and website address of the authority, and the onus of such omission is put upon the advertising agency. iii. Some fake promises are made in the advertisement to allure the innocent buyers. iv. Claims such as mentioning in the advertisement that purchase decisions made based on advertisement shall not be liable for consequences under the RERA, Act.

In order provide necessary guidance to promoters of real estate projects and to media organizations and advertising industry intermediaries regarding appropriate nature of compliance for advertisement of RERA registered projects, the Authority prescribed the appropriate compliance to be ensured while advertising the registered real estate projects through various mediums as follows; i. Newspaper - in paper print and digital media: - Advertisement in newspaper either in paper print or in e-paper format or website advertisement of RERA Registered projects shall contain the address of the HARERA, Gurugram website [www.haryanarera.gov.in](http://www.haryanarera.gov.in) and the RERA registration number as indicated in registration certificate issued by the Authority is to be clearly mentioned e.g. RC/REP/HARERA/GGM/415/147 /2020/31. ii. Brochures and leaflets: - All paper print brochures and leaflets shall also contain Authority website address and project registration number as applicable for paper print newspaper. iii. Outdoor Publicity: - Large size outdoor publicity billboards and hoardings must contain authority website address and RERA registration number as applicable for printed newspaper in a way which is easily readable with

	<p>bare eyes by viewer. iv. Audio-Visual Media: Every audio visual media or only Audio announcements on radio shall mention abridged RERA Registration number in a clearly audible manner along with mention of the Authority's website address. This will apply to all audio-visual media like radio, TV, video clips, audio clips, media streaming, digital media content etc. v. All promoters of a real estate project shall ensure that above directions are adhered to in full, so as to avoid non-compliance which may lead to regulatory action under the RERA Act, Rules and Regulations. The detailed directions may be seen on the website of the authority <a href="http://www.haryanarera.gov.in">www.haryanarera.gov.in</a>.</p>
(c)	<p><b>CONSTITUTION OF MEDIATION, AND DISPUTE RESOLUTION FORUM</b></p> <p>HARERA Gurugram established a full-fledged mediation forum for amicable conciliation of disputes between the promoters and the allottees</p> <p>Alternate Dispute Resolution (ADR) mechanisms like arbitration, mediation, and conciliation are much more private, economical and time-efficient than litigation and therefore, it is prudent that such mechanisms are incorporated in the myriad field of laws, particularly laws dealing with real-estate sector, which has a huge pendency of cases due to informed homebuyers approaching the real estate regulatory authorities for grievance redressal. As held by the Hon'ble Supreme Court of India in the famous "Afcon case" "all suits and cases of civil nature (disputes between developers/ builders and customers) (whether pending in civil court or other special tribunals/forums) are normally suitable for ADR process".</p> <p>Since its inception, the Haryana Real Estate Regulatory Authority, Gurugram (HARERA) has brought to the fore-front a multitude of cases of homebuyer's dissatisfaction in dealing with real estate developers and service providers. Huge delays in delivery of projects, hike in costs during construction, skewed builder-buyer agreement, and the absence of an effective enforcement mechanism have increased homebuyer's trauma and agony over the years and has subsequently resulted in more number of complaints being brought before the Regulator.</p> <p>Furthermore, this has not only increased the pressure on RERA authorities but also on our civil courts who are already dealing with the crisis of excess pendency of cases. Therefore, in consonance with the state government initiative, the Haryana Real Estate Regulatory Authority, Gurugram, taking a step forward has decided to adopt mediation as an ADR mechanism for dispute resolution in real-estate matters and has set up a fully dedicated mediation centre/forum in the Authority. As a matter of fact, the mediation forum of HARERA, Gurugram provided the parties an option to have a settlement outside the formal Authority proceedings.</p> <p>The parties involved in the development, management, purchase, and sale are well-versed with the impact of disputes and their aftermath in terms of time and money. Mediation can help both the buyers and builders in having</p>

	<p>a speedy redressal of the disputes. It is also crucial to understand here that most of the disputes related to real-estate are highly legal/technical in nature and are required to be dealt with by people who have the requisite knowledge and understanding of the domain/law. They not only need to comprehend the intricacies and commercial aspects of issues but also possess knowledge of the law, and possess polished communication skills, thereby enabling them to provide tailor-made solutions for disputes. Therefore, the Authority has constituted a panel of mediators, equipped with requisite skills to mediate in a dispute related to real estate projects.</p> <p>There were two types of cases that shall fall under the ambit of mediation forum set up by HARERA, Gurugram, first being the application made for mediation at pre-filing of formal complaint stage was taken up by Dr. Deepa Malik (Padmashri Khel Ratna Arjun Awardee), Grievance Redressal and Chief Public Relation Officer, HARERA Gurugram on individual basis and second being the complaints/cases referred by the Authority to Sh. S.C. Goel (Retd.) District and Session Judge and Adjudicating Officer (AO), HARERA Gurugram in terms of the provisions of section 89 of CPC. In case the authority was convinced that a particular complaint case can be resolved through mediation then such references were made by the Authority even without the consent of the parties.</p> <p>The panel of mediators thus consisted of three representatives, one from each party i.e. (i) one representative of the Residents Welfare Association;</p> <p>(ii) one representative of the Authority;</p> <p>(iii) one representative of the Promoter.</p> <p>A full-fledged mediation forum facilitated the growth and promotion of a healthy, transparent, efficient and competitive real estate sector in order to take necessary measures for amicable conciliation of dispute between the promoter and allottees which shall be speedy, inexpensive, and economical at the same time.</p>
(d)	<p><b>WORKSHOP, TRAINING, AND SEMINAR</b></p> <p>Two days' workshop was conducted by the Haryana Real Estate Regulatory Authority, Gurugram for employees to deliberate on the changes in the working pattern of the authority which has got impacted due to Covid 19. The process of registration of real estate projects and dealing of complaints via online mode was discussed at large and the employees were laid down guidelines by the Hon'ble Chairman of the authority.</p>
(e)	<p><b>PUBLIC AWARENESS</b></p> <p>Several initiatives have been undertaken by the Haryana Real Estate Regulatory Authority, Gurugram regarding the RERA Act, the authority and its functions. Some of the initiatives were playing jingles on radio, active participation in social media that helped considerably spread information</p>

	regarding the RERA Act as well as the authority. Similarly printed hoardings were placed in different parts of the city to create awareness.
(f)	<p><b>ONLINE HEARING OF COMPLAINT CASES</b></p> <p>The Haryana Real Estate Regulatory Authority Gurugram has established grievance redressal mechanism as per the Act, Rules and regulations and has implemented comprehensive grievance redressal mechanism. With technology the entire process of grievance redressal has been made more effective, more enabling and at the same time more standardised. Inevitably like any other sphere of normal life existing courts are also experiencing the impact of Covid 19 outbreak. Hearings have been delayed or rescheduled. However, as the lockdown extends for the foreseeable future efforts are on hand to use technology to keep the process going while maintain Covid safeguards.</p>
(g)	<p><b>ONLINE HEARING FOR PROJECT REGISTRATIONS</b></p> <p>The Haryana Real Estate Regulatory Authority Gurugram organised online hearing for cases coming up before the authority for registration of real estate projects as well as extension of real estate projects , the authority has always insisted on timely completion and compliance of the projects and has made sincere efforts ensuring that due to Covid 19 the work of the authority is not hampered.</p>

## SECTION A-4

### The Year in Review

**COVID 19 outbreak:** This year marked the outbreak of novel Coronavirus (Covid-19), the largest public health crisis the world has ever faced. Corona pandemic has caused devastation globally across all countries affecting physical, emotional, and financial health of humanity. The real estate sector was also not spared. Due to lockdowns, needed to curtail the spread of Corona virus, the construction work across all real estate projects came to a standstill affecting all stakeholders from promoters, real estate agents, allottees, financial institutions and governments adversely.

**Strict action against erring builders:** The HARERA decision to rein in the erring builders by denying them fresh licenses shows a mirror to the regulatory authorities of other states as well. Nationwide stringency would restore the trust of the consumer as it serves to throw a spanner in the works of the promoters taking to the immoral path of diverting funds collected for one project to another before finishing it, the common reason for missing timelines. This illegal practice leaves in lurch the poor buyers who have invested their life saving for a house.

Due to pandemic and resultant lockdown people have reevaluated their priorities and re looked at their lifestyle. The need for a haven both financially and emotionally has surfaced more than ever now. The lockdown and subsequent work from home phenomenon has inventively made home an epicenter of all activities and owning a home has become paramount.

## SECTION A-7

### Impact on Allottees

VII.	IMPACT ON
(a)	Allottees
1.	<p><b>Total transparency in dealings:</b> The RERA Act has made it mandatory for builders to ensure that there is total transparency in the information provided to the home buyer. Builders are obligated to inform the buyer about every single, major and minor aspect of the project they are building. They must provide a pamphlet and also update these details on their real estate regulatory authority website. Buyers must be informed about the plan layout and execution. They should also be informed about the stage-wise completion of the project. Builders cannot charge for excess area: One of the key benefits of RERA is that builders cannot charge homebuyers for both, the built-up and the super built-up area. This simply means that buyers only have to pay for the carpet area of the home purchased by them i.e. the area between the walls.</p>
2.	<p><b>Builders cannot charge buyers for the super built-up area:</b> The definition of super area as provided in various builder-buyer agreements is vague and there are wide variations in the definition. The property is not properly described by way of mentioning super area without specifically giving details and breakup of the components included in the super area. The practice of sale of real estate on super area basis is illegal, misleading, ambiguous, opaque, and gives rise to confusion and complexities and at times result into avoidable litigation.</p> <p>So, keeping in view the purpose and intention of the Real Estate (Regulation and Development) Act, 2016 and the Rules made thereunder, a need was felt to frame regulations on this topic and accordingly Haryana Real Estate Regulatory Authority, Gurugram (Sale of Apartments/Floors in a Real Estate Project on the basis of Carpet Area) Regulations, 2021 were framed.</p> <p>Provisions under Haryana Real Estate Regulatory Authority, Gurugram (Sale of Apartments/Floors in a Real Estate Project on the basis of Carpet Area) Regulations, 2021</p> <p>Carpet area information to be provided by the promoter:</p>

		<p>I Promoter is obligated to provide complete information under clause (h) of section 4(2) of the Real Estate (Regulation and Development) Act 2016 about the number, type and carpet area of the real estate unit for sale in the project along with the area of exclusive balcony or veranda and open terrace area.</p> <p>II It is mandatory for the developers of all ongoing projects, to disclose the size of their apartments, based on carpet area (i.e., the area within four walls). This includes usable spaces, like kitchen and toilets. This has brought transparency in the salable area and imparts clarity to the buyer.</p> <p><b>Penalty against the promoter for non-compliance for these regulations:</b> For any act of violation or non-compliance of these regulations by the promoter penal proceedings shall be initiated as per the following provisions of the Real Estate (Regulation and Development) Act, 2017: a. The promoter shall be liable for revocation of registration of real estate project under section 7(1)(c). Where ever the promoter is found indulging in unfair trade practice/fraudulent practice of selling the Apartment/Floor in a real estate project on the basis of super area/covered area/sale area or any other nomenclature except on carpet area, the Authority may, on receipt of a complaint or suo-motu in this behalf or on recommendation of the competent authority, revoke the registration granted under section 5 to the promoter or section 9 to the real estate agent of the Real Estate (Regulation and Development) Act, 2016 as the case may be. b. Penal action including imposition of penalties by the Authority in exercise of its powers under section 34(f) and section 38 or both. If the promoter contravenes the provisions of these regulations, he shall be liable under section 61 to a penalty which may extend upto five percent of the estimated cost of the real estate project as determined by the Authority.</p>
	3.	<p><b>The building should not have any defects:</b> To ensure there are no loose ends or chances of fleecing buyers owing to so many laws under RERA, the government added another clause to protect buyers from poorly constructed properties. As such, they laid emphasis on the quality of construction, which was a major concern for buyers. Under RERA, a building should be free of any kind of structural defect for a minimum period of 5 years of buyers' gaining possession of the property. In case any defects are found, it is the responsibility of the builder to fix the defects without charging the buyer. Also, the defect should be fixed in a period of 30 days from intimation.</p>

		<p>4. <b>Project delays are prohibited:</b> Earlier home buyers had to face the inconvenience of not getting possession of the property at the time promised by builders. This is not permitted any more. It is mandatory for builders to complete projects within the time frame promised and builders who default on this are required to pay an interest rate of 2% above the lending rate offered by the country's largest nationalised bank, the State Bank of India. Moreover, builders could also face a possible jail term of 3 years for project delays</p>
		<p>5. <b>The Act has been introduced mainly to protect the interest of the allottees:</b> In order to increase transparency regarding project completion status, it mandates developers to disclose the construction status on the Authority website. This has to be done on a quarterly basis. In case of any misdoing by the developer, the buyer can file a complaint with the Authority. Their complaints are mandated to be resolved within 120 days. Finally, builders cannot change any aspect of the structure without prior approval from all the buyers. All these measures, in addition to those mentioned above, are expected to boost investor confidence.</p>
		<p>6. <b>The Builders cannot use your money for other projects:</b> Another major benefit of RERA is that developers must mandatorily deposit 70% of the sums received from buyers into a separate escrow account and the money can only be withdrawn in accordance with the construction stage as approved by builders' chartered accountants and engineers. Also, builders cannot ask for more than 10% of the cost of the property as advance before a sale agreement is drafted. Since the introduction of RERA most malpractices by builders have gone down rapidly. The introduction of the Act has proven to be a massive relief for buyers who are now getting exactly what they pay for. The RERA Act is doing just what it intended i.e. protecting the interest of buyers in several ways.</p> <p><b>Deposits in Account</b> (i) The promoter shall be responsible for transfer/deposit of seventy percent of the amount collected from allottees (other than pass through charges and indirect taxes) in the RERA Account. In the case of project where the estimated cost to complete the project is higher than estimated amount of total receivables at any stage, hundred percent of the amount collected from the allottees (other than pass through charges and indirect taxes) shall be deposited in the „RERA Account“ till situation is eased out. (ii) The money lying in the „RERA Account“ can be put in fixed deposits with the bank operating the „RERA Account“ provided it is a „No Lien Fixed Deposit“ and no loan can be obtained against or on</p>

			<p>such fixed deposit nor any charge can be created on such fixed deposit.</p> <p><b>Withdrawals from Account:</b></p> <p>The promoter shall be required to follow the following procedure for every withdrawal from the RERA Account till the project is completed: (i) As per the second proviso to section 4(2)(I)(D) of the Act provides that the amounts from the „RERA Account“ shall be withdrawn by the promoter after it is certified by an architect, an engineer and a chartered accountant in practice, that the withdrawal is in proportion to the percentage of completion of the project. (ii) For the purpose of withdrawal of amounts deposited in the „RERA Account“ in respect of a registered project, the promoter shall have the following three certificates: (a) Certificate from the project architect empanelled with the authority as given at annexure A certifying the percentage of completion of construction work of each of the tasks/activity of the building/ tower/ block of the project; (b) Certificate from the engineer empanelled with the authority as given at annexure B for the actual cost incurred on the construction work of each of the building/wing of the project; and (c) Certificate from a practicing-chartered accountant empanelled with the authority other than the statutory auditor of the promoter as given at annexure C, for the cost incurred and paid on construction cost and the land cost. The chartered accountant in practice is also required to certify the proportion of the cost incurred and paid on construction and land cost to the total estimated cost of the project. The total estimated cost of the project multiplied by such proportion shall determine the maximum amount which can be withdrawn by the promoter from the RERA Account.</p>

## SECTION A-7(B)

### Impact on Promoters

	(b)	<p><b>Promoters</b></p> <ol style="list-style-type: none"> <li data-bbox="367 604 1305 929"> <p><b>1. Resolution of disputes through mediation and conciliation Forum:</b> Since its inception, the Haryana Real Estate Regulatory Authority, Gurugram (HARERA) has brought to the fore-front a multitude of cases of homebuyer's dissatisfaction in dealing with real estate developers and service providers. The authority has been pronouncing decisions based on the facts of the cases and both buyer as well as promoter have been kept in equilibrium in delivering decisions.</p> </li> <li data-bbox="367 929 1305 1254"> <p><b>2. Simplification of rules:</b> RERA has certainly revolutionised the real estate industry by simplifying rules for builders and developers. It has made real estate projects more appealing to customers by holding builders accountable, resulting in increased project sales for the real estate industry. Because homeowners are no longer afraid of delays or fraud when purchasing a home, RERA has aided builders in increasing sales while also making sure that the desires of buyers are protected at all times.</p> </li> <li data-bbox="367 1254 1305 1534"> <p><b>3. Standardisation of sale agreement:</b> The Act prescribes a standard model sale agreement to be entered into between promoters and homebuyers. Typically, promoters insert punitive clauses against home buyers which penalised them for any default while similar defaults by the promoter attracted negligible or no penalty. Such penal clauses could well be a thing of the past and home buyers can look forward to more balanced agreements in the future.</p> </li> </ol>

## SECTION A-7(C)

## Impact on Real Estate Agents

(c)	<p><b>Real Estate Agents</b></p> <ol style="list-style-type: none"> <li>1. Real estate agents play a key role in the marketing of any project, acting as a bridge between the developers and the buyers. These agents are now required to comply with the guidelines of RERA - an Act introduced by the government in 2017 to bring transparency in the market.</li> <li>2. The authority initiated every possible step to act against property dealers who are charging more than one percent commission rate on the sale of properties as prescribed by the Haryana Regulation of Property Dealers and Consultants Act of 2008.</li> <li>3. Rules call for one percent commission on agreed consideration value to be paid by the seller and purchaser of the property on finalization of the deal as per the agreement entered in the register of the dealer under a valid receipt. Instances had come to the notice of the authority that some of the property dealers are falsely representing the services of a particular standard or grade and making false or misleading representation concerning the services and approvals of the project, he said. The HARERA Authority cautioned the real estate agents not to charge commission more than what is prescribed in the rules. Doing so will be deemed as an outright violation of the provisions of the law.</li> <li>4. Here are some of the main impacts of this Act on the property agents: <ol style="list-style-type: none"> <li>a. <b>Only registered agents can deal in registered properties</b> RERA has made it mandatory for all property agents to get a brokerage license from their respective state governments in order to deal in any real estate transaction. This means any broker who is not registered with RERA is no longer allowed to deal in a registered property. Also, the registration is not valid for lifetime; agents will have to keep renewing it as required by the Act.</li> <li>b. <b>Penalty for non-registration</b> The Act states that any unregistered broker, if found dealing in a registered property, will have to pay a penalty of Rs 10,000 per day for the entire period during which such default continues or a penalty of upto 5% of the value of the deal.</li> <li>c. <b>Maintaining books of records is now compulsory</b> The Act requires all the real estate brokers to create and maintain books of accounts, documents, and records as per the country's Income Tax Act. Furthermore, such accounts must be maintained for every single real estate project that the broker deals in.</li> <li>d. RERA requires all the Agents to display their registration number at their place of business at all times. In addition, if they advertise or market any project, the advertisement should also carry their registration number.</li> <li>e. <b>No more false advertisements</b></li> </ol> </li> </ol>
-----	--

		<p>The Act stresses on the need to maintain transparency in the dealings with buyers. Brokers, as well as builders, cannot promote or market a project that's not in compliance with RERA. Any entity found mis-selling will be penalized.</p>

**SECTION A-7-(D)****Impact on Economy**

	<p><b>(d) Economy</b></p> <p>In the Indian Real Estate Industry's History, The Real Estate Regulation and Development Act (RERA) of 2016 is a game-changing piece of legislation. It was enacted to encourage real estate investment while simultaneously safeguarding the interests of home buyers. The Act promotes ethical behaviour in the real estate industry and attempts to increase openness. The Act covers both new and ongoing projects (which had to be registered by July 31, 2017). This statute covers both commercial and residential construction projects. Agents or brokers in the real estate industry are also covered under the umbrella. Furthermore, the developers must report the project designs, government approvals, and the status of the land ownership to the regulatory authorities. Failure to do so will result in a fine, jail, or both, depending on the gravity of the offence. The Real Estate Industry was in critical need of such a transparent system to promote market mood and protect customers' interests. The bill also requires buyers to pay developers within a certain amount of time, failing which appropriate action can be taken against them. One of the most typical challenges in the construction sector is building project delays. Delays have a negative impact on the project's performance, timeliness, and cost. As a result, it's critical to understand the different sorts of delays that can arise in a project. Delays can occur for a variety of causes (or, in other words, have diverse origins); they can be compensated or not; and they can occur concurrently or afterwards. In addition, the impact on project performance can be direct or indirect. Their presence results in increased costs, conflicts among project partners, and, in the worst-case scenario, litigation, which may result in more costs. When dealing with delays, it's necessary to not only detect them and quantify their effects on project performance, but also to identify and quantify the implications of previous delays on future project progress. The key causes and sources of delays should also be identified to regulate accountability and allow for learning from these unfavourable events.</p>

## **SECTION B**

### **Registration of Projects and Real Estate Agents under the Act**

#### **REGISTRATION OF REAL ESTATE PROJECTS**

Section 3. Prior registration of real estate project with Real Estate Regulatory Authority.—(1) No promoter shall advertise, market, book, sell or offer for sale, or invite persons to purchase in any manner any plot, apartment or building, as the case may be, in any real estate project or part of it, in any planning area, without registering the real estate project with the Real Estate Regulatory Authority established under this Act: Provided that projects that are ongoing on the date of commencement of this Act and for which the completion certificate has not been issued, the promoter shall make an application to the Authority for registration of the said project within a period of three months from the date of commencement of this Act: Provided further that if the Authority thinks necessary, in the interest of allottees, for projects which are developed beyond the planning area but with the requisite permission of the local authority, it may, by order, direct the promoter of such project to register with the Authority, and the provisions of this Act or the rules and regulations made thereunder, shall apply to such projects from that stage of registration.

#### **REGISTRATION OF REAL ESTATE AGENTS**

9. Registration of real estate agents.—(1) No real estate agent shall facilitate the sale or purchase of or act on behalf of any person to facilitate the sale or purchase of any plot, apartment or building, as the case may be, in a real estate project or part of it, being the part of the real estate project registered under section 3, being sold by the promoter in any planning area, without obtaining registration under this section.

E. STATEMENT ON STEPS TAKEN TO MITIGATE ANY NON-COMPLIANCE OF THE PROVISIONS OF THE ACT THE RULES AND REGULATIONS MADE THEREUNDER BY THE PROMOTERS, ALLOTTEES AND REAL ESTATE AGENTS			
S.N.	Subject	Steps taken	Results achieved
1.	<p><b>Section 3 of the Real Estate (Regulation and Development) Act, 2016</b> restricts that no promoter shall advertise, book, market or sale any plot apartment or building without registering the real estate project with this Authority. Not mentioning the registration number issued by the Authority therefore leads to lack of transparency and could cause confusion in the mind of public as well as prospective purchasers about whether the project is registered with this the Authority or not.</p> <p>Further, as provided under <b>section 11 of the Real Estate (Regulation and Development) Act, 2016</b>, website address of Authority is required to be mentioned in every advertisement. Section 11(2) of the Real Estate (Regulation and Development) Act, 2016 states as under: " The advertisement or prospectus issued or published by the promoter shall mention prominently the website address of the Authority, wherein all details of the registered project have been entered and include the registration number obtained from the Authority and such other matters incidental thereto."</p> <p>Also, as provided under <b>section 12 of the Real Estate (Regulation and Development) Act, 2016</b> it shall be the promoter's obligation to ensure veracity of the advertisement or the prospects.</p>	<p>For compliance of the sections as mentioned in the column 1 of this table (subject) the Haryana Real Estate Regulatory Authority, Gurugram notified and published the Directions to the builders/promoters with regard to advertisements of real estate Projects in the Haryana Government official gazette dated 22<sup>nd</sup> February 2021</p>	<p>After the publication of these directions and its applicability the cases for advertisement/marketing without RERA registration have been reduced to a great extent and in most of the cases the promoters are vigilant in displaying advertisements only with RERA registration and the website address of the authority.</p> <p>For the promoters who are still non-compliant the authority is taking Suo motu cognizance against them.</p>

### Appeals

**Section 43(5) of the Real Estate (Regulation and Development) Act, 2016 provides as under:**

**"43. Establishment of Real Estate Appellate Tribunal. –**

- (5) *Any person aggrieved by any direction or decision or order made by the Authority or by an adjudicating officer under this Act may prefer an appeal before the Appellate Tribunal having jurisdiction over the matter:*

*Provided that where a promoter files an appeal with the Appellate Tribunal, it shall not be entertained, without the promoter first having deposited with the Appellate Tribunal at least thirty per cent of the penalty, or such higher percentage as may be determined by the Appellate Tribunal, or the total amount to be paid to the allottee including interest and compensation imposed on him, if any, or with both, as the case may be, before the said appeal is heard.*

*Explanation. —For the purpose of this sub-section "person" shall include the association of allottees or any voluntary consumer association registered under any law for the time being in force."*

As per Section-43(5) of the Real Estate (Regulation & Development) Act, 2016, any person aggrieved by any direction or decision or order made by the Authority or by the Adjudicating Officer under the RERA Act, 2016 may prefer an appeal before the Appellate Tribunal having jurisdiction of the matter. Further, where a promoter files an appeal with the Tribunal, it shall not be entertained without the promoter first having deposited with the Appellate Tribunal at least 30% of the penalty or such higher percentage as may be determined by the Appellate Tribunal, or the total amount to be paid to the allottee including interest or compensation imposed on him, if any, or with both, as the case may be, before the said appeal is heard. In a few cases, the Tribunal while dismissing the appeals has inter-alia ordered that such pre-deposit amount be transferred to the Authority for transferring the same to the appellant/ allottee, as the case may be. The Authority framed a policy for refund of the amount so received from the Appellate Tribunal. An application in the given proforma along with copy of the orders of the Tribunal is to be filed by the person claiming as entitled for the refund, along with an affidavit that no order has been passed by any court/ authority against disbursement of the amount.

**SECTION-P****Employee Welfare Measures, if any, Beyond the Regular terms and Conditions of Employment, Undertaken by the Authority**

The International Labour Organization defined "welfare as a term which is understood to include such services and amenities as may be established in or in the vicinity of undertaking to perform their work in healthy, congenial surrounding and to provide them with amenities conducive to good health and high morale".

According to Arthur James Todd "welfare as anything done for the comfort and improvement and social of the employee over and above the wages paid, which is not a necessity of the industry".

HARERA has also endeavoured to give to its employees the benefit and facilities to motivate them to work in a better environment and zeal. Some of the measures taken by HARERA are as under:

1. Transportation: Transport facilities is provided to employees who hail from far of places so that they can reach the workplace punctually and comfortably.
2. Maternity & Adoption Leave: Employees can avail maternity or adoption leaves. The said leave have been made available for contractual and outsource employees as well.
3. Sexual Harassment Policy: To protect an employee from harassments of any kind, guidelines are provided for proper action and also for protecting the aggrieved employee. A committee is also in place to curtail any such mishaps that an employee may be subjected to during work.
5. Internal maintenance of workplace and safety measures: The office space is revamped and cleaned from time to time to give a healthy environment to the employees especially women. Safety measures like security and screening of all the visitors to safeguard the women employees from any sort of mishap.
6. Library: An exclusive and massive collection of books are maintained for those employees who are pursuing competitive studies and cannot afford to buy the books which are very expensive.
7. Paid study and exam leave: HARERA aims at upliftment and knowledge enhancement of the employees that is the reason it encourages employees to pursue higher studies as well as appear for competitive exams for which paid as well as mass leave is granted to employees.

8. Uniform: The Group D staff of the organisation is provided with uniforms to wear to office since the same cannot be afforded by them.

It may be rightly pointed that these employee welfare measures create a culture of work in commitment towards the organisation which ensures higher productivity and greater job satisfaction to the employees. The employees work with full enthusiasm and energetic behaviour which results in increase in production and ultimately increased efficiency of an organisation to give fruitful output of work.

### Ongoing Programmes

A brief narrative of ongoing programs that are being organized in the premises as well as offsite focussing especially on consumer awareness, easy access to the website, information oriented workshops and seminars to bring in clarity and harmony between the consumers, promoters and the Authority for better working of the RERA Act.

1. In its ongoing focus to enhance citizen centricity, HARERA has taken an initiative to map all the registered projects. This will not only provide project location on the maps for citizens, but also provide information regarding availability of amenities and distance of the real estate project from the current location.
2. Online RTI: The spirit of the Act is to bring transparency in the real estate sector. Taking a cognizance of the spirit, HARERA has planned to make available online all the RTI queries received and responded to, by the Public Information Officer.
3. The Authority has been holding constructive engagements with all the stakeholders including the bankers who are the custodian of the project accounts. To sensitize the bankers about the sensitivity of the dedicated project accounts, a meeting of the State Level Banker's Committee (SLBC) was organized under the chairmanship of our Members. The Authority has been organizing intensive advocacy programmes at various intervals.
4. Regular visits are made to the projects for quality check and then the information is shared on the display board of the Authority for public viewing.
5. Research work on various topics and burning issues is conducted in co ordination with the Research Team of the Authority to keep ourselves abreast on the various developments happening in real sector in not only India but also abroad.
6. Interactive sessions are held with stakeholders and planning branch to educate the stakeholders regarding change in any norms, forms of registration, information to be uploaded or provided by the stake holders to the Authority from time to time.

## SECTION-U

### Right to Information

The Right to Information Act, 2005 provides for setting out the practical regime of right to information for citizens to secure access to information under the control of public authorities, in order to promote transparency and accountability in the working of every public authority. The spirit of the Act is to bring transparency in the real estate sector.

Sec 4 (1)(b) of the RTI Act, 2005 provides as under:

*"4 (1) Every public authority shall:*

- (b) publish within one hundred and twenty days from the enactment of this Act,—*
  - (i) the particulars of its organisation, functions and duties;*
  - (ii) the powers and duties of its officers and employees;*
  - (iii) the procedure followed in the decision making process, including channels of supervision and accountability;*
  - (iv) the norms set by it for the discharge of its functions;*
  - (v) the rules, regulations, instructions, manuals and records, held by it or under its control or used by its employees for discharging its functions;*
  - (vi) a statement of the categories of documents that are held by it or under its control;*
  - (vii) the particulars of any arrangement that exists for consultation with, or representation by, the members of the public in relation to the formulation of its policy or implementation thereof;*
  - (viii) a statement of the boards, councils, committees and other bodies consisting of two or more persons constituted as its part or for the purpose of its advice, and as to whether meetings of those boards, councils, committees and other bodies are open to the public, or the minutes of such meetings are accessible for public;*
  - (ix) a directory of its officers and employees;*
  - (x) the monthly remuneration received by each of its officers and employees, including the system of compensation as provided in its regulations;*
  - (xi) the budget allocated to each of its agency, indicating the particulars of all plans, proposed expenditures and reports on disbursements made;*
  - (xii) the manner of execution of subsidy programmes, including the amounts allocated and the details of beneficiaries of such programmes;*
  - (xiii) particulars of recipients of concessions, permits or authorisations granted by it;*
  - (xiv) details in respect of the information, available to or held by it, reduced in an electronic form;*

- (xv) the particulars of facilities available to citizens for obtaining information, including the working hours of a library or reading room, if maintained for public use;
- (xvi) the names, designations and other particulars of the Public Information Officers;
- (xvii) such other information as may be prescribed; and thereafter update these publications every year;....."

Taking cognizance of the spirit, HARERA has made available online space all the RTI queries received and responded to, by the Public Information Officer.
