| 5.    | LLB (5 years) | 60 pts.  | <ul style="list-style-type: none"> <li>• Up to 44 marks = 0 pts.</li> <li>• 45-84 = 40 marks</li> <li>• 1.5 pt. for every mark beyond 44</li> </ul>   |
| Total |               | 100 pts. |                                                                                                                                                       |

4. While scrutinizing the marksheets of LLB-3 years/5 years courses, it has been observed that some of the Universities have awarded CGPA score. The multiple factor for converting these scores ranges from 9 to 10 meaning thereby that in case the CGPA score of an applicant is 8.5 taking into consideration as 10 multiple factor, his score shall be as 85%. While the universities like Panjab University, Kurukshetra University, MDU Rohtak, which are semi-government institutions are awarding marks instead of CGPA, Universities like Punjabi University - Patiala, MMU Mulana, etc. are awarding CGPA in some cases and actual marks in other cases. The private universities like Lovely Professional University - Jalandhar, Symbiosis University – Noida, AMITY Noida, Bhagat Phool Singh, Maharaj Agarsen University, University of Petroleum, etc. are awarding CGPA score. Since, the conversion factor (9, 9.5 & 10) adopted by these universities seems to be on higher side and if this conversion factor is adopted, the applicants of the other universities like Panjab University, Kurukshetra University, MDU Rohtak are at disadvantageous position.

5. In order to have fair assessment, it is considered appropriate to moderate the marks obtained under CGPA score by discounting the same with common multiple

## HARYANA REAL ESTATE REGULATORY AUTHORITY, PANCHKULA

factor. Such multiple factor is to be calculated separately for LLB – 3 years/ 5 years on the basis of the following formula.

### Formula for moderating the CGPA score

Marks obtained by converting CGPA score of the applicant shall be discounted by a common factor; this common factor shall be separately calculated for CGPA score obtained in LLB-3 years course and LLB-5 years course.

Common factor shall be calculated as under: -

- A. Average %age marks obtained by the applicants as per CGPA score (Total %age shall be divided by the no. of candidates under CGPA category).
- B. Average %age marks obtained by the applicants as per marksheet in case of other applicants (Total %age shall be divided by the no. of candidates awarded with marks other than CGPA category).
- C. Discounting factor =  $\frac{[A - B]}{A} \times 100$

6. After moderating the CGPA Score and on the basis of the criteria as mentioned in para-3, a computer-generated merit list has been prepared which is placed at 'Annexure-I, II and III'
