Memo. No. SEIAA/HR/14/617

Dated... 17-12-2014

Subject: Regarding Renewal of Environment Clearance granted for "Office, Commercial and Hotel Building project at Village Pawala Khusrupur, Sector-109, Gurgaon, Haryana.

Please refer to your letter dated 01.12.2014 on the subject as above; wherein you have requested to review the decision taken and conveyed vide letter No. SEIAA/HR/14/1549 dated 26.11.2014. The referred letter has been examined and it is noted that:

1. Ministry of Environment & Forest, Government of India (MOEF, GoI), Northern Regional Office, Chandigarh, in its certified monitoring report F.NO.4-718/2009.R.O. (NZ)/6523 dated 18.09.2014 has mentioned that construction work has not been started as on 09.09.2014, however excavation work has been completed. It clearly shows that development work at the site had been started within the validity period of environment clearance. The MoEF, GoI (NZ), Chandigarh also recommended to grant extension of environment clearance for another 5 years.
2. The project proponent has also submitted authenticated proof and photograph of site, showing that the development work was started in the year 2013 within the validity of environment clearance. The project proponent also submitted updated Form-I, showing construction achieved.

In view of the above, it has been decided to grant extension of validity of environment clearance for further 5 years up to 07th July, 2019. The earlier letter dated 26.11.2014 stands withdrawn.
