### Explanatory note

We have been granted a licence for setting up a commercial colony at village Sihi, Sector-83 Gurgaon Manesar Urban Complex, Gurgaon, bearing licence No. 08 of 2013, Dated: 05.03.2013 (original licence is enclosed for ready reference). The said licence is renewed and valid up to 04.03.2019. The details of development works which have been completed or are in progress or are yet to be undertaken are as follows:

After obtaining all the necessary approvals/ licences from various competent authorities, the construction work was started at site and at this point of time, your good self will appreciate that despite the subdued market sentiments, the Civil construction activities of with regard to civil structure work has been completed and brick work and plaster is also completed. Services work has been Started. Firefighting work is under progress. Air ventilation work to start very soon and likely to be completed in accordance with approved building plans and other services work will be carried out at site simultaneously further our project is also registered at HRERA and we had committed to complete the same by Dec-2019 and hoping for the earliest completion of the project by this time. Latest photographs of site duly signed by us, indicating the progress of work at site are enclosed herewith for your kind consideration please.

Yours faithfully,

## Reason for non-completion of development works

Due to the following circumstances beyond our control we could not complete the construction well in time:-

After we received the licence, we had applied the various licences/permissions as per your suggestion like Building Plan (BR-III), Zoning Plan and other relevant licence with you department as well as NOC from Office of The Administrator, HUDA , Gurgaon regarding the source of water used for construction.. In the meantime we had also applied for NOC from Ministry of Environment and Forest Govt. of India (NOC for Aravali/Environment CTE State Pollution Norms) and Mining Approvals which is required for the excavation of land and begin construction. After getting all the approval we had started the excavation of land and other construction process. The infrastructure facilities, to be created by the government agencies, in the surrounding areas, were created far later than expected, forcing us to start the construction and other development activity, late. Further the NGT By Ordering to stop the construction activities in delhi & NCR also affecting the flow of the work. Once the construction activity is stopped at site and it also take time to restart and get flow of the work.

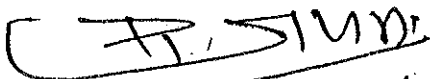

Due to above stated reasons also the delayed infrastructure developed in the surroundings, we are not able to complete the process of construction of building and hence we need further extension of licence date for completion of the colony.

You are requested to kindly renew our licence and oblige.

Yours faithfully,
