

LEGEND

1. STORM WATER DRAINAGE LINE
2. RAIN WATER HARVESTING
3. GOVT. S.W.D. LINE
4. F.L. = 217.60
G.L. = 217.20
I.L. = 216.42

The diagram illustrates the connection of the storm water drainage line, rain water harvesting system, and government sewerage drainage line to the public toilet building. The storm water drainage line is shown as a blue line with a red arrow pointing towards the building. The rain water harvesting system is shown as a yellow line with a red arrow pointing towards the building. The government sewerage drainage line is shown as a red line with a red arrow pointing towards the building. The building is represented by a yellow square with a red circle in the center. The lines are labeled with 'M.H.' (Manhole) and 'R.W.H.' (Rain Water Harvesting) and 'H.H.' (Household) and 'R.W.H.' (Rain Water Harvesting).

The architectural drawing shows the layout of the Public Toilet building. It is a rectangular building with a central entrance. The building is divided into two main sections: a male section on the left and a female section on the right. Each section contains several stalls. The building is labeled 'PUBLIC TOILET' and 'PUBLIC TOILET-1 PLAN'.
