To

The Director,

Town and Country Planning,

Haryana, Chandigarh.

Memo No: - CE-I/SE(HQ)/SDE(G)/SDE(W-2)/2023/ 196145

Dated:-12-09-2023
Approval of service plan estimate to set up Affordable Plotted Colony SUB: under Deen Dayal Jan Awas Yojna-2016 on an area measuring 16.55625 acres in the revenue estate of Village-Farukhnagar, Farukhnagar, Gurugram-Spiti Projects LLP (LC-5038) bearing licence no. 154 of 2023 dated 25.07.2023.

Please refer to your good drawing no. 9448 dated 26.07.2023, vide which the Ref:layout plans pertaining to subject cited colony was approved by your office. The service plan estimate for providing Public Health/B&R services to be provided by the developer M/s Spiti Projects LLP in subject cited colony has been received

from Superintending Engineer, HSVP, Circle-II, Gurugram vide his office memo No. 192457 dated 07.09.2023. The same has been checked and corrected wherever necessary and is sent herewith for execution as well as for Bank Guarantee purpose, subject to the following comments:-

1. EXTERNAL DEVELOPMENT CHARGES:-

The colonizer will have to pay the proportionate cost of external development charges for setting up of Residential Plotted Colony for the services like water supply, sewerage, storm water drainage, roads, bridges, community building, street lighting and horticulture and Mtc. thereof etc. on gross average basis as and when determined by HSVP/Govt. for District-Gurugram. These charges will be modifiable as and when approved by the authority /State Govt. and will be binding

upon the colonizer.

MAINTENANCE OF SERVICES:-

The mtc. Charges for various services like water supply, sewerage, storm water drainage, roads, street lighting and Hort., etc. has been included by the firm in the Sub Work No.VII and the total cost of works out to ₹. 450.54 Lakh. It may be made clear to the colonizer that they are liable to maintain the estate developed by them for 10 years or as per HSVP norms till such time, the colony is taken over by the local authority/State Govt.

3. DENSITY/AREA/POPULATION:-

The overall density of the Residential Plotted colony works out to 247 PPA considering 13.5 person per plot. The category wise area as shown on the plans and proposed density of population thereof has been treated to be correct for the purposes of services only. This may be checked and confirmed by your office that overall density of sector should be maintained according to the final development

The title and name of the licencee may be examined by your office. 4.

5. All technical notes and comments incorporated in this estimate in two sheets will also apply. A copy of these are also appended as Annexure-'A'.

The colonizer will have to ensure that sewer/storm water laid by them will be 6. connected with the proposed/existing master services by gravity. If it is not possible to connect the services by gravity, it will be the responsibility of the colonizer to make the pumping arrangement and Mtc. thereof for all the time to

It is made clear to the colonizer that release of water for external source will take 7. about five years for the new licensed area subject to the following:

Availability of litigation free land in the alignment of services. i)

Permission from forest and environment department are accorded, where ever ii) required.

HSVP shall supply the drinking water only to the license granted in the master plan iii) area.

HARYANA SHEHARI VIKAS PRADHIKARAN

HSVP shall provide water supply along master road at the initial stage and various iv) colonizer will have to take connection from this water supply main up to their site at their own expenses, till the land of master road encircling the licensed area is acquired and the area in between licensed area. & master road is further acquired v)

Till the water supply and other services are made available by HSVP, the licenses will have to make their own arrangement Tube wells can be bored with permission from Haryana Water Resources Authority and other concerned authority, for the

It may be clarified to the colonizer that recycled water is proposed to be utilized 8. for flushing purposes. The firm has made provision of separate flushing line, storage tank, metering system, pumping system and plumbing. It may be clarified to developer that no tap or outlet of any kind will be provided from the flushing lines/plumbing lines for recycled water except for connection to the cistern of flushing tanks and for Horticulture purposes & any scouring arrangement. Even ablution taps should be avoided. (i)

Two separate distribution systems, independent of each other, will be adopted, one for potable water supply and second for recycled water. Home /Office/b

usiness establishment will have access to two water pipe lines.

Potable water and recycled water supply lines will be laid on opposite berms of (ii) road. Recycled water lines will be above sewer lines. Wherever unavoidable and if all pipes are required to be laid on same side of road, these will be located from the ground surface in order of descending quality. Potable water shall be above recycled water which should be above sewer. Minimum clear vertical separation between a potable water line and a recycled water line shall be one feet, if not possible then readily identifiable sleeve should be used.

To avoid any accidental use of recycled water for potable purposes :-

All Recycle water pipes, fittings, Appurtenances, valves, taps, meters, hydrants will be of Red Color or painted red.

Sign and symbols signifying and clearly indicating "Recycle Water" "Not fit for (b) Drinking" must invariably be stamped/fixed on outlets, Hydrants Valves both surface and subsurface, Covers and at all conspicuous places of recycle distribution system. (c)

Detectable marker tapes of red color bearing words "Recycle Water" should be fixed at suitable interval on pipes.

Octagonal covers, red in color or painted Red and words "Recycle Water-Not for (d) Drinking" embossed on them should be used for recycled water. 9.

It shall be mandatory for the firm to provide dual/two button or lever flushing system in toilets. 10.

It may be made clear to the colonizer that he will not make the connection with the master services without prior approval of the competent authority, in writing. 11.

The layout plan for setting up of Affordable Residential Plotted Colony having an area 16.55625 acres supplied by DGTCP, Haryana vide his office drawing no. 9448 dated 26.07.2023, have been considered to be correct for the purposes of

estimation/services only.

For disposal of sewage of the colony, the colonizer has proposed initial Sewage 12. Treatment Plant in their colony. It may be made clear to the colonizer that he will be sole responsible for disposal of sewage of their colony as per requirement of HSPCB/Environment Deptt. till such time the HSVP services are made available as per proposal of the Town. All the link connection with the HSVP services shall be made by the colonizer at his own cost.

That colonizer/owner shall ensure the installation of Solar Power Plant as per 13. provision of Haryana Solar Power Policy, 2016 issued by Haryana Govt. Renewable Energy Department vide notification No. 19/4/2016-5 power 14.3.2016, if

applicable.

The estimate does not include the provision of electrification of the colony. 14. However, it may be made clear to the colonizer that the supervision charges O & M charges shall be paid by them directly to the HVPNL.

It may be made clear to the colonizer that there will be no pollution due to 15. disposal of sewerage of their colony. The disposal of effluent should be in accordance to the standard norms, fixed by the Haryana State Pollution Control Board/Environment Deptt.

The colonizer will be responsible for the construction of various structures such as 16. RCC, UGT and OHSR; water/sewage treatment plant etc. according to the standard specification, good quality workmanship and water tightness of all the structures will be responsibility of the colonizer.

The portion of the sector/development plan roads/green belt as provided in the 17. development plan which is part of the licensed area shall be transferred free of

cost to the Govt. /HSVP.

In case of 24 Mtrs. Wide road if it is decided by the Govt. that master services be 18. extended on 24 Mtrs. Wide internal circulation road, additional amount at rates as decided by the authority will recoverable over and above the EDC.

The correctness of the levels of the colony will be sole responsibility of the 19. colonizer for integrating the internal sewer/storm water drainage of the colony by gravity with the master services to be provided by HSVP as per the proposal.

In case some additional structures are required to be constructed, as decided by 20. HSVP at a later stage, the same will be binding upon the colonizer .Flow control valves will be installed, preferably of automatic type on water supply connection with HSVP water supply line.

The tertiary water shall be used for green belt and parks as per proposal made for 21.

use of recycled water plan.

That the colonizer/owner shall use only compact fluorescent lamps/LED fitting for 22. internal lighting as well as campus lighting.

Levels of the external services i.e. water supply sewerage & SWD will be provided 23. by HSVP and proporitionate cost of discharge/quantity of these services will be deposited by the colonizer to HSVP.

24. **COMMON SERVICES:-**

The estimate does not include the common services like water supply, storage tank on the top of the building block. The plumbing works will be the part of building works.

NOTE(1):-

In order to implement the directions given by National Green Tribunal in O.A. No. 21 of 2014 and No. 95 of 2014 (in the matter of Vardhman Kaushik V/s. Union of India and Ors), instructions have been issued vide this office letter No. 2121-37 dated 23.2.2015, 2609-19 dated 5.3.2015, 4412-21 dated 22.4.2015, 4971-89 dated 30.4.2017, 5442-5457 dated 11.05.2015, 15622-43 dated 10.12.2015, 1-16 dated 1.1.2016 and No. 114152-154/114160-114196 dated 21.1.2016. The same may be incorporated in the estimate and the developer must implementation of these instructions at site.

The estimated cost of various services to be provided by the colonizer for the development of internal services has been checked and corrected for the

purposed of bank guarantee and execution of works as under:-

S.No.	Description	Amount (in Rs. Lakh)
1	Water Supply	324.70
2	Sewerage	
3	Storm Water Drainage	242.42
4	Roads	208.45
5		371.92
6	Street Lighting	63.52
7	Horticulture	12.23
	Mtc. of services for ten yrs including resurfacing of roads after 1 st five years and 2 nd five yrs. of Mtc (as per HSVP norms)	450.54
	Total	1673.78

Dev. Cost per acre =₹. 1673.78 Lakh/16.55625 acres= ₹. 101.10 Lakh per gross acre.
