Town and Country Planning, Horyana, Chandigarh.

Memo No: - CE-II/SE(HQ)/SDE(W-2)/JE(H)/2023/

Approval of service plan estimate for affordable residential plotted colony (DDJAY) having area measuring (11.64375 acres Licence no. 107 of 2019 SUB: dated 10.09.2019, 2.1125 acres licence no. 23 of 2022 dated 11.03.2022, 10.0875 acres licence no. 13 of 2020 dated 15.05.2020 and 2.00 acres licence no. 145 of 2022 dated 27.09.2022) total area 25.84375 acres in Sector-24, Tehsil and District Hisar, being developed by M/s Rajdarbar

Buildcon Pvt. Ltd.

Ref:-

Please refer to your office drawing no. DTCP-8952 dated 30.01.2023, vide which layout plans for subject cited colony were approved by your office.

The rough cost estimate/service plans for providing Public Health/B & R services to be provided by the colonizer M/s Rajdarbar Buildcon Pvt. Ltd. in subject cited colony, have been received from Superintending Engineer, HSVP, Circle, Hisar vide his office memo no. 33002 dated 16.02.2023. The same have been checked and corrected wherever necessary and are sent herewith for execution as well as for Bank Guarantee purpose, subject to the following conditions:-

EXTERNAL DEVELOPMENT CHARGES:-The colonizer will have to pay the proportionate cost of external development charges for setting up of Affordable Residential Plotted Colony(Under Deen Dyal Jan Awas Scheme-2016)for the services like water supply, sewerage, storm water drainage, roads, bridges, community building, street lighting and horticulture and Mtc. thereof etc. on gross acreage basis as and when determined by HSVP/Govt. for Hisar. These charges will be modifiable as and when approved by the authority /State Govt. and will be binding upon the colonizer.

2.

MAINTENANCE OF SERVICES:-The mtc. Charges for various services like water supply, sewerage, storm water drainage, roads, street lighting and Hort., etc. has been included by the firm in the Sub Work No.VII and the total cost of works out to 7. 768.54 Lakh. It may be made clear to the colonizer that they are liable to maintain the estate developed by them for 10 years or as per HSVP norms till such time, the colony is taken over by the local authority/State Govt.

The overall density of the Affordable Residential Plotted colony works out to 315 PPA considering 18.0 persons per plot. The category wise area as shown on the plans and proposed density of population thereof has been treated to be correct for the purposes of services only. This may be checked and confirmed by your office that overall density of sector should be maintained according to the final

The title and name of the licencee may be examined by your office. development plan.

All technical notes and comments incorporated in this estimate in two sheets will 4. also apply. A copy of these are also appended as Annexure-'A'. 5.

The colonizer will have to ensure that sewer/storm water laid by them will be connected with the proposed/existing master services by gravity. If it is not possible to connect the services by gravity, it will be the responsibility of the 6. colonizer to make the pumping arrangement and Mtc. thereof for all the time to

It is made clear to the colonizer that release of water for external source will take about five years for the new licensed area subject to the following: P.1-0. 7.

Availability of litigation free land in the alignment of services. Permission from forest and environment department are accorded, where

11)

- HSVP shall supply the drinking water only to the license granted in the III)
- HSVP shall provide water supply along master road at the initial stage and various colonizer will have to take connection from this water supply main Iv) up to their site at their own expenses, till the land of master road encircling the licensed area is acquired and the area in between licensed area. & master road is further acquired by HSVP or licensee.
- Till the water supply and other services are made available by HSVP the licenses will have to make their own arrangement Tube wells can be bored V) with permission from Central Ground Water Board and other concerned authority, for the purposes.
- It may be clarified to the colonizer that recycled water is proposed to be utilized for flushing purposes. The firm has made provision of separate flushing line, storage 8. tank, metering system, pumping system and plumbing. It may be clarified to developer that no tap or outlet of any kind will be provided from the flushing lines/plumbing lines for recycled water except for connection to the cistern of flushing tanks and any scouring arrangement. Even ablution taps should be
- Two separate distribution systems, independent of each other, will be adopted, one for potable water supply and second for recycled water. Home/Office/ business (1) establishment will have access to two water pipe lines.
- Potable water and recycled water supply lines will be laid on opposite berms of (11) road. Recycled water lines will be above sewer lines. Wherever unavoidable and if all pipes are required to be laid on same side of road, these will be located from the ground surface in order of descending quality. Potable water shall be above recycled water which should be above sewer. Minimum clear vertical separation between a potable water line and a recycled water line shall be one feet, if not possible then readily identifiable sleeve should be used.

To avoid any accidental use of recycled water for potable purpose:-

- All recycle water pipes, fittings, Appurtenances, valves, taps, meters, (a) hydrants will be of Red Color or painted red.
- Sign and symbols signifying and clearly indicating "Recycle Water" "Not fit (b) for Drinking" must invariably be stamped/fixed on outlets, Hydrants Valves both surface and subsurface, Covers and at all conspicuous places of recycle distribution system.
- Detectable marker tapes of red color bearing words "Recycle Water" should (c) be fixed at suitable interval on pipes.
- Octagonal covers, red in color or painted Red and words "Recycle Water-Not (d) for Drinking" embossed on them should be used for recycled water.
- It shall be mandatory for the firm to provide dual/two button or lever flushing 9. system in tollets.
- It may be made clear to the colonizer that he will not make the connection with 10. the master services without prior approval of the competent authority, in writing.
- The layout plan for setting up of affordable residential plotted colony ( Under Deen 11. Dyal Awas Scheme-2016) having an area 25.84375 acres supplied by your office drawing No. DTCP-8952 dated 30.01.2023, have been considered to be correct for the purposes of estimation/services only.
- For disposal of sewage of the colony, the colonizer has proposed initial Sewage 12. Treatment Plant in their colony. It may be made clear to the colonizer that he will be sole responsible for disposal of sewage of their colony as per requirement of HSPCB/Environment Deptt. till such time the HSVP services are made available as per proposal of the Town. All the link connection with the HSVP services shall be made by the colonizer at his own cost.

Conte

OFFICE C Tel : 2572449 Fax 1 2564655 Website : www.hsvp.org.in हरियाणा शहरी विकास प्राधिकरण Emall : cencrhsvp@ gmail.com HARYANA SHEHRI Address: C-3, HSVP , HQ Sector-6 VIKAS PRADHIKARAN Panchkula The estimate does not include the provision of electrification of the colony. However, it may be made clear to the colonizer that the supervision charges O & M charges shall be paid by them directly to the HVPNL Deptt. It may be made clear to the colonizer that there will be no pollution due to disposal 14. of sewerage of their colony. The disposal of effluent should be in accordance to the standard norms, fixed by the Haryana State Pollution Control Board/Environment The colonizer will be responsible for the construction of various structures such as 15. RCC, UGT and OHSR; water/sewage treatment plant etc. according to the standard specification, good quality workmanship and water tightness of all the structures will be responsibility of the colonizer. The portion of the sector/development plan roads/green belt as provided in the 16. development plan which is part of the licensed area shall be transferred free of cost to the Govt. /HSVP. In case of 24 Mtrs. Wide road if it is decided by the Govt. that master services be 17. extended on 24 Mtrs. Wide internal circulation road, additional amount at rates as decided by the authority will recoverable over and above the EDC. The correctness of the levels of the colony will be sole responsibility of the colonizer 18. for integrating the internal sewer/storm water drainage of the colony by gravity with the master services to be provided by HSVP as per the proposal. In case some additional structures are required to be constructed, as decided by 19. HSVP at a later stage, the same will be binding upon the colonizer .Flow control valves will be installed, preferably of automatic type on water supply connection with HSVP water supply line. The tertiary water shall be used for green and parks as per proposal made for use of 20. recycled water plan. That the colonizer/owner shall use only compact fluorescent lamps fitting for 21. internal lighting as well as campus lighting. Levels of the external services to be provided by HSVP i.e. water supply sewerage 22. will be proportionate to EDC deposited. 23.COMMON SERVICES:-The estimate does not include the common services like water supply, storage tank on the top of the building block the plumbing works etc. and will be part of building The firm has given the affidavit dated 14.02.2023 (attached in the estimate) which 24. is as under:-The sewage treatment plant, tertiary treated water tank, disposal of storm water will be provided by the company till these services will be provided by 1) HSVP. That the pumping, if required, will be carried out by us at our own cost. Our firm will develop all the services as required under this3 scheme/project. ii) Our firm will deposit all EDC/other charges of HSVP for external connections. III) IV) In order to implement the directions given by National Green Tribunal in NOTE(1) :-O.A. No. 21 of 2014 and No. 95 of 2014 (in the matter of Vardhman Kaushik V/s. Union of India and Ors), instructions have been issued vide this office letter No. 2121-37 dated 23.2.2015, 2609-19 dated 5.3.2015, 4412-21 dated 22,4,2015, 4971-89 dated 30.4.2017, 5442-5457 dated 11.05.2015, 15622-43 dated 10.12.2015, 1-16 dated 1.1.2016 and No. 114152-154/114160-114196 dated 21.1.2016. The same may be incorporated in the estimate and the developer must ensure implementation of these instructions at site. P.T.O.
