Architectural drawing of Elevation 2 of Tower 1. The drawing shows a facade with a grid of windows. The windows are arranged in a regular pattern, with some windows having multiple panes. The drawing is oriented vertically, with the title 'ELEVATION-2 (TOWER-1)' at the top. Below the main facade, there is a small plan view of the building's base, showing the layout of the ground floor and the location of the elevation. The drawing is a technical architectural representation, likely for a building project.

ELEVATION-1 (TOWER-1)

Architectural elevation drawing of Tower-1, showing a long, multi-story building facade with numerous windows and balconies. The drawing is oriented vertically on the page. The title "ELEVATION-1 (TOWER-1)" is at the top. The drawing includes a vertical scale on the right side with floor levels and elevations. The building facade is divided into several vertical sections by structural elements. The windows are arranged in a regular grid pattern. The balconies are located on the right side of the building. The drawing is a technical architectural representation.
