Subject: Request for Shifting/Undergrounding of 33 KV HT Line Passing through
Khasra no. 20//9/3/2, 10/2, 11/2, 12/1/1/1, 12/1/2, 20/1, 20/2, 21, 21//25/1 Village
Dhunela, Tehsil Sohna, District Gurugram.

Respected Sir

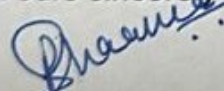

This is to bring to your kind attention that a 33 KV High Tension (HT) overhead electric line is presently passing in front of the khasra numbers 20//9/3/2, 10/2, 11/2, 12/1/1/1, 12/1/2, 20/1, 20/2, 21, 21//25/1 in the revenue estate of **Village Dhunela, Tehsil Sohna, District Gurugram.**

A **Group Housing Project** is currently underway on the above-mentioned land, and the presence of the HT line is causing significant obstruction to the development activities, apart from posing a potential safety hazard to workers and future residents.

In view of the above, we kindly request your good office to initiate the necessary process for the **shifting or undergrounding** of the said 33 KV line at the earliest. We assure you of full cooperation from our side, including providing access for surveys and bearing the cost as per HVPNL norms and policies. We are ready to provide any required documentation or cooperation needed for the technical survey, feasibility analysis, and further processing of the request, including bearing the cost as per HVPNL norms.

We request your kind intervention in this matter and look forward to your early action.

Yours sincerely

For M/s J Infratech Limited
