| Undersigned has to construct a residential house or commercial building at | RESIDENTIAL                                              |
| Total Area (sq.)                                                           | 13.6775 ACRE                                             |
| Digging Mineral(s)                                                         | ORDINARY CLAY                                            |
| Location of the area                                                       | SECTOR-71, ILC VILLAGE FAZILPUT JHARSA GURUGRAM          |
| Purpose                                                                    | EXCAVATION OF ORDINARY CLAY                              |
| Total area/ built up area                                                  | 13.6775 ACRE                                             |
| Extent of the area required for digging giving length, breadth & depth     | 10500 CUM                                                |
| Quantity and particulars of the mineral(s) to be removed                   | 15750 MT                                                 |
| Advance royalty                                                            | Rs. 69500                                                |
| Security (refundable)                                                      | Rs. 34500                                                |

The applicant further state that:

The royalty at the rates prescribed under First schedule of the rules shall be paid in advance on the mineral(s) excavated incidental to digging of foundation/ basement.

The intention of digging is not to excavate mineral(s) from the said site for commercial mining but for lying of foundation or basement or developmental activity duly approved by the competent authority.
