**Dated: 21 /07/2025**

**Subject: Withdrawal of Sales Circular No. D-06/2022 – Regarding Issuance of Assurance Letters to Builders/Developers.**

Please refer to Sales Circular no. D-06/2022 issued to facilitate the process of building plan approval by DTCP, Haryana, by providing an assurance letter from the DHBVN to the concerned builder/developer. This practice was aimed at enabling developers to fulfill the documentation requirements mandated by DTCP.

Haryana Electricity Regulatory Commission (HERC) has amended the HERC Duty to Supply Electricity on Request and Power to Recover Expenditure and Power to Recover Security Regulations 2016 through the 2nd and 3rd Amendments, 2023, as notified in the Gazette Notification No. 40-2023 dated 3rd October 2023.

These regulations introduce a clear mechanism for recovering External Electrical System Development Charges (EESDC) from colonizers. Notably, the regulations stipulate that at the time of Issuance of the Letter of Intent (LOI) for license applications, the draft layout/site plan including the draft electrification plan and the proposed site for the Electrical Sub Station/switching station (ESS) should be forwarded to the DISCOMs for approval by DTCP.

Furthermore, the said HERC regulations mandate that the Distribution Licensee (DISCOM) shall develop and maintain an online service platform to facilitate all related activities for the stakeholders involved.

In compliance with the aforementioned regulatory directions, DHBVN, in consultation with DTCP, has developed and operationalized an online portal. This portal is actively being utilized by DTCP for uploading newly issued LOIs, which are being processed by DHBVN as per the delegation of powers communicated vide Sales Circular No. D-03/2025.

In view of the above, the matter has been reviewed and it has been decided by the Nigam Management **to withdraw Sales Circular No. D-06/2022 with immediate effect.**

The above instructions should be brought to the notice of all concerned for careful and meticulous compliance.
