**On 14.07.2025**, Ms. Deepika, Planning Executive and Sh. Ashish Dubey, Chartered Accountant briefed about the facts of the project.

Sh. Srinivasulu Dasari (AR), Sh. Deepak Sethi (AR) and Sh. Sharad Mohan Tiwari (AR) are present on behalf of the promoter.

M/s Reach Promoters Pvt. Ltd. was granted License No. 150 of 2022 dated 28.09.2022 for developing a commercial colony over 6.95 acres in Sector 68, Gurugram, in addition to the previously granted License No. 17 of 2010 for an area of 6.26 acres. Subsequently, the promoter applied to migrate 4.1125 acres from License No. 150 of 2022 and 0.1688 acres from License No.17 of 2010 to a Commercial Plotted Colony under the Migration Policy dated 18.02.2016 issued by DTCP, Haryana. The request was accepted, and the migrated land was brought under a new License No. 138 of 2024 dated 05.11.2024. Additionally, two land parcels were excluded from License No. 150 of 2022 due to non-compactness. As a result, the area under License No. 150 of 2022 was reduced to 2.84375 acres, for which the promoter has now applied for registration under Section 4 of the Real Estate (Regulation and Development) Act, 2016 for a commercial project named "Reach The Stariia." However, as per their latest reply dated 10.07.2025, they are seeking registration only for the 5th to 19th floors of the office complex under license no. 150 of 2022.

Upon scrutiny of the application for registration submitted by the promoter, it has come to the notice of the Authority that the applicant-promoter has applied for registration in respect of the additional licensed area under license no. 150 of 2022. However, scrutiny of the revised building plans dated 05.06.2025 reveals that certain areas falling under the earlier License No. 17 of 2010, particularly the setback areas, are also being utilized and developed by the promoter under the additional License No. 150 of 2022. This intermingling of land across both the licenses and the overlapping nature of the construction, brings the entirety of the development under the ambit of one real estate project for the purposes of registration under the Act.

The Authority observes that section 3 of the Act deals with the 'Prior registration of real estate project with the Real Estate Regulatory Authority' and the relevant section is reproduced as under:

*"3. Prior registration of real estate project with the Real Estate Regulatory Authority-*

*(1) No promoter shall advertise, market, book, sell or offer for sale, or invite persons to purchase in any manner any plot, apartment or building, as the case may be, in any real estate project or part of it, in any planning area, without registering the real estate project with the Real Estate Regulatory Authority established under this Act.*

*Provided that projects that are ongoing on the date of commencement of this Act and for which the completion certificate has not been issued, the promoter shall make an application to the Authority for registration of the said project within a period of three months from the date of commencement of this Act."*

Furthermore, the Explanation to section 3 clarifies that:

*"Explanation. —For the purpose of this section, where the real estate project is to be developed in phases, every such phase shall be considered a stand-alone real estate project, and the promoter shall obtain registration under this Act for each phase separately."*

It is important to emphasize on the proviso to section 3(1) of the Act, which mandates that the registration of the real estate project which are ongoing on the date of commencement of this Act and for which the completion certificate has not been issued within a period of three months from the date of commencement of this Act. The Authority further observes that the aforesaid provisions clearly mandate that either the entire real estate project must be registered as a whole, or if being developed in phases, each phase should be delineated as a standalone project and registered accordingly.

However, in the instant case, the application for registration is neither for the entire real estate project nor for a clearly defined phase that qualifies as a standalone phase under the Act. It is pertinent to mention here that the Applicant-promoter in its application for registration had applied for registration of a certain selective part of a real estate project.

Keeping in view the present factual matrix, the Authority is of the considered view that such selective or partial registration of a real estate project, in this case, confined only to a few floors, does not meet the statutory requirement of section 3 of the Act. The Act does not envisage or permit a promoter to register only a *component* of a project unless it qualifies as a separate and independent phase, and is developed as such. In the present case, since the building plans indicate integration of development works across licensed areas, registration must necessarily encompass the entire real estate project. Hence, the contention of the applicant promoter regarding registration of certain part of the real estate project is not permissible in view of the provisions of the Act.

During the proceedings, the Authorized Representative (AR) of the promoter has stated that they are willing to amend their application to cover the entire real estate project under both the Licenses bearing No. 17 of 2010 and 150 of 2022 except the area under occupation certificate of the office area issued by DTCP vide memo no. ZP-603/SD(BS)/2017/18007 dated 27.07.2017 which is prior to the commencement of Rules, 2017. Accordingly, promoter seeks one weeks' time to amend the application for registration. Request allowed.

In light of the above findings and in compliance with the provisions of Section 3 of the Act, the promoter is directed to:

- Amend its application for registration to include the entire real estate project falling under both the License bearing No. 17 of 2010 and 150 of 2022, in its entirety except OC of 2017.
- Deposit deficit fees, late fees as required under the Act, rules and regulations made thereunder.
- Submit other project documentation as required under the Act.

The matter to come up on 21.07.2025.

	<p>On 17.07.2025, the promoter applied for the registration of the entire licensed area, i.e., 8.93750 acres, falling under License No. 17 of 2010 and License No. 150 of 2022, and changed the name of the project from 'Reach The Stariia' to 'Airia'.</p> <p>The status of the documents is mentioned below:</p>
24.	<p><b>Present compliance status as on 21.07.2025 of deficient documents conveyed vide last hearing dated 14.07.2025</b></p> <p>1. License No. 150 of 2022 dated 28.09.2022 was granted in addition to License No. 17 of 2010. Further, area measuring 4.08125 acres has been migrated to license no. 138 of 2024 and two parcels of land were excluded from License No. 150 of 2022 thus reducing area under license no. 150 of 2022 to 2.84375 acres</p> <p>You are, therefore, required to provide the earlier approved building plans/layout plan with respect to license no. 150 of 2022 &amp; 17 of 2010 and clarify the status of RERA registration, advertisement, marketing, booking, sale, and offer for sale made in any manner based on the above licenses. The promoter shall be liable to pay the deficit fee, if applicable.</p> <p><b>Status:</b> The earlier approved building plan for the entire licensed area has been submitted. As per License No. 17 of 2010, the promoter has stated that prior to migration, the license covered a total area of 6.26 acres, out of which only 2.69% (i.e., 0.1688 acres) was migrated. The project under this license was developed in two parts: an office complex and a retail complex.</p> <p>The Occupation Certificate (OC) for the office complex under License No. 17 of 2010 was issued by DTCP vide Memo No. ZP-603/SD(BS)/2017/18007 dated 27.07.2017, which was before the commencement of the RERA Rules, 2017. Subsequently, the OCs for the retail complex were issued by DTCP vide:</p> <ul style="list-style-type: none"> <li>• Memo No. ZP-603-Vol-II/SD(DK)/20191/19762 dated 16.08.2019, and</li> <li>• Memo No. ZP-603-Vol-IV/PA(DK)/2025/24726 dated 01.07.2025.</li> </ul> <p>However, no third-party rights have been created in the retail area, which is intended for self-use and will be operated on a lease model.</p> <p>Regarding License No. 150 of 2022 dated 28.09.2022, the company applied for the migration of 4.08125 acres of land under the Migration Policy dated 18.02.2016 from Commercial Colony to Commercial Plotted Colony. This request was approved, and the migrated area has now been included under License No. 138 of 2024 dated 05.11.2024 for development as a Commercial Plotted Colony.</p> <p>Two land parcels were excluded from License No. 150 of 2022 due to non-compactness. Consequently, the area under this license now stands reduced to 2.84375 acres.</p> <p><b>The proposed building plan includes:</b></p> <ul style="list-style-type: none"> <li>• Retail complex: Ground + 4 floors</li> <li>• Office complex: 5th to 19th floors</li> </ul>

	<p>It is further stated that only the office complex under License No. 17 of 2010 was sold, and that too prior to the commencement of the RERA Act, 2016.</p> <p>Now, the promoter has applied for the registration of the whole licensed area (17 of 2010 &amp; 150 of 2022) under section 4 after the direction of the authority.</p> <p>2. It is noted that the total licensed land under License No. 150 of 2022 and 17 of 2010 is 8.93750 acres. However, the promoter is applying for only 2.84375 acres as per the approved site plan, whereas no phasing has been approved in this project by DTCP, Haryana. Therefore, you are required to clarify the area applied for registration in the current application and the reason of not applying for registration of the balance area.</p> <p><b>Status: The application submitted by the promoter has now been amended and applied for the entire licensed area, i.e., 8.93750 acres, comprising both License No. 17 of 2010 and License No. 150 of 2022.</b></p> <p>3. Deficit fee of Rs 91,04,045/- needs to be submitted.</p> <p><b>Status: Not submitted</b></p> <p>4. The annexures in the online application are not uploaded as well as the correction needs to be done in the online (A-H) application.</p> <p><b>Status: Submitted, but corrections need to be done.</b></p> <p>5. Online DPI needs to be corrected.</p> <p><b>Status: Submitted, but corrections need to be done.</b></p> <p>7. As there are revisions in the building plans, the changes made in the revised plans must be submitted in tabular form and clearly marked on the site plan. A clarification regarding revision in the building plan should also be submitted.</p> <p><b>Status: The revision in the building plan is due to addition of license no. 150 of 2022 and migration of area measuring 4.1125 acres from license no. 150 of 2022 dated 28.09.2022 and area measuring 0.1688 acres from license no. 17 of 2010 dated 13.02.2010 also at lower ground floor the site plan was revised against which OC has already been received vide memo no. ZP-603-Vol-IV/PA(DK)/2025/24726 dated 01.07.2025, other than that, the promoter has stated that there are no changes in the site plan as on date.</b></p> <p>8. Two-thirds consent of the existing allottees for the revision of building plans needs to be submitted including the list of two third allottees after incorporating details of unique allottees along with their contact details and date of booking needs to be submitted.</p> <p><b>Status: As per the details provided by the promoter, 31 units have been sold in the office complex under License No. 17 of 2010, out of which there are 21 unique allottees. The consents provided by the promoter have been verified.</b></p>
