Further, he undertakes to submit three Demand Drafts/Bank Guarantees amounting to Rs. 25 lakhs each, as a security deposit for timely compliance with the above requirements at point (i). It is also expressly undertaken that in the event of failure to obtain and submit the aforesaid approvals within the stipulated time frames, the said security amount(s) shall be liable to be forfeited by the Authority.

The Authority has taken note of the submissions made by the Authorized Representative of the promoter regarding the non-availability of the aforesaid statutory approvals as on date. In view of the above, and in the interest of regulatory compliance, the Authority hereby directs that the promoter shall submit three separate Demand Drafts/Bank Guarantees, each amounting to Rs. 25,00,000/- (Rupees Twenty-Five Lakhs only), in favour of the Authority, as security amounts for timely submission of the following approvals:

- a. Revised Environment Clearance: within 6 months from the date of grant of registration; and
- b. Revised Fire Scheme Approval: within 6 months from the date of grant of registration; and
- c. Revised Service Plans and Estimates: within 6 months from the date of grant of registration.

In the event of non-submission of any of the above approvals within the prescribed time frames, the corresponding security amount shall stand forfeited by the Authority, and such failure may also attract additional regulatory action as permissible under the Act of 2016, rules and regulations made thereunder. Further, the promoter shall submit the Revised Electrification plan within 6 months from the date of grant of registration.

In view of the submissions made by the Authorized Representative of the promoter seeking amendment regarding extension of the project completion timeline up to 30.11.2029 on account of the revised building plans, the Authority is not inclined to accede to the said request. It is observed that at the time of registration of the project under Section 4 of the Act of 2016, the promoter had itself declared the date of completion of the project as 10.11.2026 in terms of Section 4(2)(I)(C) of the Act. The said declaration forms the basis on which the project was granted registration and the allottees have also invested in the project relying upon the said committed timeline. It is further noted that the promoter has sold 297 units with 255 unique allottees, whose interests are required

to be protected. The Authority cannot overlook the legitimate expectations of these allottees who have executed the agreement for sale having date of completion of the project as 10.11.2026 and have invested their life savings on the assurance of timely completion and delivery of possession of their units by that time. Allowing promoters to substantially extend the declared completion timeline by way of amendments would undermine the statutory framework and dilute the protection intended to be afforded to homebuyers under section 18 of the Act. The essence and objective of the Act is to ensure timely completion of projects and delivery of possession to the allottees, and permitting extension of the declared completion timeline through such amendment would defeat the spirit and intent of the Act. Accordingly, the Authority holds that the date of completion of the project shall remain 10.11.2026, as originally declared by the promoter at the time of registration of the project under Section 4 of the Act of 2016, and the request made by the promoter for amendment for extension of the timeline is therefore declined.

Approved as proposed subject to rectification of deficiencies mentioned above at S. No 32.

The addendum certificate shall be issued after submission of remaining deficiencies mentioned at S. No 32 including correction in A-H form, Online DPI and submission of three BG's/DD's of Rs. 25 lakhs each for submission of Revised Environment Clearance, Revised Fire Scheme approval and Revised Service plan and Estimates within the timeframe mentioned above.
