3. In the explanatory note, the promoter has mentioned that they already undertaken and completed substantial compliance with the sanctioned development plans and has duly executed a significant portion of the construction works thereunder. The principal civil works relating to the tower stand at an advanced stage, with the superstructure having been completed and interior finishing works presently underway. Concurrently, key infrastructural services - including internal roadways, electrical conduiting, installation of fire-safety mechanisms, and water supply systems - are in active progress. However, certain ancillary

yet integral elements, inter alia, façade treatments, landscape development, mechanical installations, and final service integrations, continue to remain in execution, the same being attributable primarily to the exceptional and unforeseen circumstances more fully delineated.

4. Reasons for delay in completion of the project: -

- a. Escalation in cost of construction materials and consequential financial constraints.
- b. Impact of construction ban cycles on construction workforce and Project timelines. The frequent and unpredictable cycles of prohibition imposed under GRAP created an onerous operational hardship for the promoter. Each imposition necessitated the demobilisation of the engaged workforce. Conversely, upon withdrawal of restrictions, the promoter was compelled to undertake the costly and time-consuming process of re-mobilising manpower, which not only entailed administrative and logistical difficulty but also recurrent expenditure.
- c. The promoter has applied for continuation of registration online through web portal and on REP-V.
- d. The promoter has mentioned that 95% development works have been executed as per Architect and Engineer certificate. As per CA certificate, the same is 83.68%
- e. The promoter has submitted an affidavit affirming that no sale, booking, transfer of any unit has been carried out by the promoter.
- f. Photographs have been enclosed
- g. License no. 203 of 2007 has been renewed upto 05.08.2026.
- h. The promoter has deposited ₹213,100/- as fee. Upon examination, the extension fee works out to ₹ 72,118/- and Late fee as per resolution dated 07.08.2024 works out to ₹ 1,44,237/- and penalty works out to ₹ 1,29,812/-. Therefore, the fee already submitted is deficit by ₹ 1,33,067/-
- i. The promoter has further annexed a copy of occupation certificate of Tower T3D alongwith community building and convenient shopping granted by DTCP Haryana on 08.10.2025.

5. After consideration, the Authority directs the promoter to deposit the aforementioned deficit fee of ₹ 1,33,067/- alongwith a copy of resolution plan of the project alongwith the details of the works which are yet to be completed, works which have already been completed and financial arrangements to complete the remaining works.
