Thereafter, the Promoter had submitted a copy of the Completion certificate dated 17.01.2025 informing that an area of 62.650 acres for which part completion certificate had been granted was consciously exempted from registration. The said agenda was last considered by the Authority in its meeting held on 13.08.2025 wherein the following orders were passed: -

“After hearing the averments made by the counsel during the hearing and through reply dated 12.08.2025, the Authority is of the view that as a regulator, it has passed the administrative orders and not the Quasi-Judicial Orders therefore presence of anybody while performing administrative functions is not required. Further, the promoter was duty bound by law to approach this Authority after the Newtech Judgment was passed by the Hon’ble Apex court; however, Authority itself had directed the promoter to get itself registered as per provisions of the Act. Further, acceding to the request of counsel, not to charge any late fee/penalty Authority is of the view that the registration has to be sought for an area measuring 59.59 acres from 11.11.2021 (Date of Newtech Judgment) to 17.01.2025 (i.e., upto the date of completion). The Authority has also taken a lenient view on the request of the promoter regarding charging of fee in the present case since part completion certificate was received by them prior to RERA coming into force.
