1. The Authority in its meeting held on 09.10.2024 vide Item No 266.31 has decided that registration certificate shall remain in force under Section 7 (3) of the RERA Act, 2016 for third year, i.e., upto 31.10.2025 subject to the condition that project will be completed within the extended period.
2. Thereafter, vide letter dated 29.04.2026, the promoter had submitted application for grant of Extension of Registration (Post-Facto) under Section 6 of the Act, 2016. The promoter has informed that they have completed construction of the project within the intended timeline and applied for Occupation Certificate prior to expiry of RERA registration. The issuance of OC was delayed due to administrative/departmental processing at the level of DTCP authorities, which was beyond the control of the Company. The full Occupation Certificate has now been granted on 20.04.2026, evidencing completion of the project. The Company has already offered possession to allottees, initiated handover process and facilitated occupancy (few allottees have already occupied units). The delay falls within the scope of regulatory/authority-induced delay, which qualifies for consideration under

Section 6 of the Act. In view of the above, the promoter prayed to condone the delay in applying for extension of registration. Grant extension of registration retrospectively for the period from 30 October 2025 to 20 April 2026 and permit the Company to complete post-completion compliance and closure formalities under RERA. An online application under Section 6 of the Act alongwith the extension fee of ₹ 6653/- and penalty of ₹17963/- has also been received.

3. The above was considered by the Authority in its meeting held on 13.05.2026 (Item No. 322.48) wherein the Authority rejected the application filed by the promoter under Section 6 of the Act and directed the promoter to file application under Section 7 (3) of the Act. Till the extension is granted, there shall be an absolute ban on the sale of unsold inventory. Disposed of.

4. The applicant vide letter dated 30.06.2026 has applied for continuation of registration under Section 7(3) of the RERA Act, 2016. The promoter has informed that company had completed the construction within the intended timeline and had already applied for Occupation Certificate on dated 19-05-2025 prior to expiry of the registration period. The Full Occupation Certificate was subsequently granted on 20.04.2026. Quarterly Progress Reports have also been filed from time to time and all necessary compliances have been duly undertaken. They further submitted that an application for grant of Completion Certificate has already been filed before the Department of Town and Country Planning, Haryana on 13.05.2026 and the same is presently under consideration. Thus, the project has entered the final stage of statutory closure and regulatory compliance. Accordingly, they requested that the registration of the project may kindly be continued under Section 7(3) of the Act till grant of Completion Certificate by DTCP Haryana and completion of the remaining statutory closure formalities. It is further requested that, considering the completion status of the project and the fact that Occupation Certificate has already been granted, the requirement of publication of public notice, appointment of special auditor, conduct of special audit or any other consequential proceedings, if applicable, may kindly be dispensed with in the interest of justice.

5. The application filed by the promoter has been examined and following deficiencies have been observed: -

- i. Copy of license valid up to date be submitted.
- ii. What is the present stage of completion certificate applied in the office of DTCP, Haryana and submit copies of all correspondence exchanged with DTCP after submission of application for grant of completion certificate.

- iii. Since at the time of grant of RC No. HRERA-PKI-FBD-91-2019 dated 23.01.2019 valid upto 31.01.2022, an area measuring 23273.637 sq mtrs. was exempted on account of grant of OC at that time and registration was granted only to remaining area measuring 6652.841 sq mtrs., the promoter should show cause as to why complete area is not registrable now, after the Newtech's Judgment?
- iv. The promoter has deposited ₹ 6,653 as extension fee, ₹ 18,963 as penalty. However, as per resolution of the Authority dated 07.08.2024 and 29.01.2025, extension fee works out to ₹ 12,394, late fee as ₹ 24,788 and penalty as ₹ 9915. Therefore, the promoter should deposit the deficit fee of ₹ 21,480/-
- v. 5% administrative charges amounting to Rs 620/- be submitted since application u/s 6 was rejected on 13.05.2026.
6. The Promoter is directed to remove the above mentioned deficiencies before the next date of hearing failing which the application shall be rejected.
7. Adjourned to 02.09.2026.
